Weaverville, CA

Board of Directors Meeting

Agenda

April 17, 2024

Mike Rourke 5:30 PM

- 1.0 Call to Order
- 2.0 Discuss/Take Action on Approval of Agenda
- 3.0 Discuss and Approve Meeting Minutes
 - 3.1 Discuss and Approve Minutes of March 20, 2024
- 4.0 Financial Report
 - 4.1 Discuss Updated February Monthly Financial Report
 - 4.2 Discuss March Monthly Financial Report
 - 4.3 Discuss/Approve List of Warrants for March 2024
- 5.0 Projects Report
- 6.0 NRCS Report
- 7.0 Trinity Collaborative Report
- 8.0 Report from Denise Wesley, GIS Program Manager
- 9.0 Review of No-Till Drill Bids/Take Action
- 10.0 Discuss/Take Action on 2024 TCRCD Conservation Scholarship Applications
- 11.0 Board Reports/Correspondence
- 12.0 District Manager's Report
- 13.0 Closed Session: Government Code § 54957(b): District Manager's Report
- 14.0 Adjourn

TRINITY COUNTY RESOURCE CONSERVATION DISTRICT

MINUTES

REGULAR BOARD MEETING

March 20, 2024 * 5:30 PM

Board Members Present: (In Person) Mike Rourke, Kent Collard, John Ritz, Mary Ellen Grigsby

Board Members Absent: Josh Brown

Associate Board Members Present: None

District Staff: Kelly Sheen, Joan Caldwell, Marla Walters

Other Agency Staff:

Guests: None

1.0 Call to Order: The meeting was called to order at 5:36 PM by M. Rourke.

2.0 Discuss/Take Action on Approval of Agenda

MSC – K. Collard/J. Ritz to approve the Agenda.

The motion passed unanimously.

3.0 Discuss and Approve Meeting Minutes

3.1 Discuss and Approve Minutes of the February 28, 2024 Meeting

MSC – K. Collard/M. Grigsby to approve the Minutes of the February 28, 2024 Meeting.

The motion passed unanimously.

4.0 Financial Reports

4.1 Discuss Updated January Monthly Financial Report

J. Caldwell reported that January is still in the negative for \$16,000 for the month. However, there is more invoicing to do. CAL FIRE is done through February.

TRINITY COUNTY RESOURCE CONSERVATION DISTRICT

4.2 Discuss February Monthly Financial Report

J. Caldwell reported that CalTrans invoices still need to be done. Also, the crews are almost all back to work, minus Botany and the new Forestry Techs.

4.3 Discuss/Approve List of Warrants for February 2024

M. Grigsby questioned the Costco purchases. J. Caldwell explained the situation with our new Costco Citi Card, the loss of our debit card, and the anticipated use of a Chase Business card. We do have a CalCard, but the limit is only \$10K and there are no benefits to using it.

MSC: M. Grigsby/J. Ritz to approve the February 2024 warrants in the amount of \$217,594.34.

The motion passed unanimously.

5.0 Projects Reports

Discussion was held about the Odd Fellows' Camp road problems. C. Tarwater, Roads Manager, has been trying unsuccessfully to find funding but the TCRCD did donate some materials and labor for emergency work.

6.0 NCRS Report

C. Cole was not in attendance due to a family emergency.

7.0. Trinity Collaborative Report

K. Sheen reported that the Recreation subcommittee of the Collaborative met on March 8. There was an Open House regarding the Minersville Boat ramp, held in Trinity Center that was well-attended. Also new to the discussion was an announcement that the owners of Cedar Stock will not be opening the marina in Trinity Center this season. The Forest Service will be meeting with them to discuss that.

The full Collaborative also met, on March 15. More discussion was held regarding the Wildfire Alert cameras. T. Jones brought up a five-year plan for discussion. Lastly, the April field tour has not yet been scheduled.

8.0 Discuss/Take Action on the Notice of Exemption Under Statutory Exemption Class 4, Section 15304, Minor Alterations to Land (Trinity Knolls Fuels Reduction Project)

TRINITY COUNTY RESOURCE CONSERVATION DISTRICT

Brief discussion took place about the project, which will be for the Trinity Center VFD. M. Grigsby moved that the Board adopt the staff recommendation on the Notice of Exemption. J. Ritz seconded the motion.

The motion passed unanimously.

9.0 Discuss/Take Action on the Notice of Exemption Under Statutory Exemption Class 4, Section 15304, Minor Alterations to Land (Middle Trinity Fuels Reduction Phase I, Lewiston Area)

Discussion took place about the project. K. Sheen described that the fuels treatment will be similar to Browns Mountain. M. Rourke noted it would be nice to have before and after photos, using a drone, to show the community.

M. Grigsby moved that the Board adopt the staff recommendation on the Notice of Exemption. J. Ritz seconded the motion.

The motion passed unanimously.

10.0 Discuss/Take Action on Voting for CARCD Board Officers

K. Collard shared that he had attended the Zoom meeting, which ended up without a quorum; no vote was taken. A discussion of the candidates took place. After discussion, K. Collard moved that the TCRCD board vote for Peter Braudrick and Harold Singer. M. Grigsby seconded the motion.

The motion passed unanimously.

11.0 Board Reports/Correspondence

No reports.

12.0 District Manager's Report

K. Sheen reported the following:

- Regarding the question raised at the last meeting about Fish and Wildlife removing brown brook trout: this has been confirmed; the intent is to remove them from 70 different lakes throughout the Trinity Alps, where they have decimated amphibians and invertebrates. Brook trout are non-native to the lakes in the area.
- TCRCD board meeting notices now appear on the Journal's government calendar listing.
- The Botany department had two candidates and will be making a job offer to one of them soon.

TRINITY COUNTY RESOURCE CONSERVATION DISTRICT

- The State Coastal Conservancy has a block grant opportunity in the amount of \$6 million. We are working on the proposal, in which several North Coast RCD's would participate. It is due April 1. It would provide excellent Match for federal projects.
- The RAC awards have been funded and letters are going out to applicants.
- We will likely receive more requests to be CEQA lead.
- The WRTC NFWF request was reduced.
- Sheen finished a financial plan for Collaborative Facilitation which will be in the approximate amount of \$136,000.
-

13.0 Closed Session: Government Code § 54957(b): District Manager's Report

No closed session.

14.0 Adjourn

The meeting was adjourned at 7:09 PM by M. Rourke.

Approved and adopted this ____ day of April, 2024. I, the undersigned, hereby certify that the Minutes of the Regular Meeting of March 20, 2024, were duly adopted by the following vote of the Board of Directors.

(Secretary Signature)

Background

Per California Government Code §53065.50, Each Special District, as defined by subdivision (a) of Section 56036, shall, at least annually, disclose any reimbursement paid by the district within the immediately preceding fiscal year of at least one hundred dollars (\$100) for each individual charge for services or product received. "Individual charge" includes, but is not limited to, one meal, one-day lodging, transportation, or a registration fee paid to any district governing body employee or member. The disclosure requirement shall be fulfilled by including the reimbursement information in a document published or printed at least annually by a date determined by that district and shall be made available for public inspection.

Discussion

Employees who received reimbursement from the District in the month ending March 31, 2024 are highlighted above. **There are no employees who received reimbursement in the month ending March 31, 2024.**

TRINITY COUNTY RESOURCE CONSERVATION DISTRICT

Agenda Item 5.0

PROJECTS REPORT

April 17, 2024

5.1 Weaverville Community Forest –Bethany Llewellyn, Adriana Rodriguez

- Grizzlycorps fellow Liam Bassler and Project Coordinator Adriana Rodriguez carried out the second of three scheduled field trips for high school students on the Weaverville Community Forest on April 16th. This series is a partnership with the Nor Rel Muk Wintu Nation, Sierra Pacific Industries, and the United States Forest Service, and introduces students to careers in forest-related professions.
- The steering committee met on March 6th, with discussions including new signage in the Weaver Basin Trail System and a progress report on the Strategic Plan.
- The new Weaverville Community Forest sign was put up on Musser Hill and looks great!
- The BLM harvest on Oregon Mountain is progressing. Talks with a log buyer at Trinity Lumber began last month. We are still finalizing the details of the stewardship harvest process.
- There is still money left for BLM surveys in the WCF NEPA project. We are waiting for BLM to identify/prioritize their next WCF project for us to start utilizing those funds.
- Grizzlycorps Fellow Liam Bassler is working with Erik Flikwir on updating the WCF website.
- Trinity County Resource Advisory Committee: Our proposal for ongoing education and outreach on the Weaverville Community Forest was recommended for funding. These funds will support the continuation of the Forestry field trips, wildflower hike, and other programming.

5.2 Watershed Coordination – Kayla Meyer, Annyssa Interrante

- Both K. Meyer and A. Interrante are out of office. No report.

5.3 Project Coordinator's Report –Cynthia Tarwater

In early to mid-March we were conducting storm patrol and recon on several sites completed last year. There was too much snow at some, but eventually, we were able to get to a few for assessment. We monitored a small decommission that was completed last fall, Blue Rock Road, Roundy Road, Hobo Gulch Road, the Wild-Mad Road to look at snow level, and several others. We wrapped up our last slide cleanup near the Ruth Lake Dam until we can fix it later this year, the disposal site was seeded and mulched upon departure.

- We were asked to look at a slide blocking access in the Hall Gulch watershed on the 37N08Y road. This road is on the east side of Trinity Lake and has a large active slide above the road. We were able with equipment to de-water the area by reconstructing an inboard ditch to an existing ditch relief culvert and were able to fix the road even though at that time it was too wet for travel. We also cleared several plugged culverts in the area. We will reassess the slide area in a few weeks to see if travel across is advisable until we can do a complete repair later in the year. (See photo.)
- We also were able to take a look at Mainline Road in Grass Valley Creek, the road is in severe disrepair and we anticipate the BLM will provide funding for repair, but we haven't heard much to date. The road crew did some minor handwork that day where they could make a difference.
- Multiple staff and crew attended Red Card fire training in March and our first trip for erosion control materials was done in March to get us started on a productive year.

5.4. Grants Report – Marla Walters

New Projects:

Project Number: 532

Account Number: 6500300

Funder: California Association of Resource Conservation Districts (CARCD)

Award Number: N/A

Project Name: USDA OPPE Outreach

Program Manager: Kayla Meyer

April 17, 2024

Start Date: 07/01/2023
End Date: 12/31/2025

Grant Award: \$10,800.00
Overhead: 20.00%

Project Number: 533
Account Number: 6400400
Funder: National Fish & Wildlife Foundation (NFWF)
Award Number: 2007.24.081472
Project Name: Trinity River Pollinator Habitat Enhancement & Restoration
Program Manager: Annie Barbeau
Start Date: 02/01/2024
End Date: 02/26/2026
Grant Award: \$233,682.83
Overhead: 15.26%

5.5 Botany & Revegetation Projects – Annie Barbeau & Kaety Howard

- **RAC Native Plant Nursery:** Nursery activities this month included more transplanting of winter-stratified seedlings. Species planted included Klamath plum, incense cedar, and mountain mahogany. Plants were fertilized with kelp, fish emulsion, and chelated iron to improve washed-out winter soils.
- **RAC Noxious Weeds:** No update this period.
- **Title III Community Wildfire Mitigation (Noxious Weeds):** No update this period.
- **Caltrans Hayfork Culverts II (PM 25.24):** The Project Coordinator and Program Manager met onsite with the Caltrans Program Manager to discuss planting design and other implementation logistics. Discussion also occurred at the site of the Hayfork Mountain Culverts (PM 24.97) project that will be executed in April. Some of the designated plants for this project were maintained at the native plant nursery and will be planted this spring. Other needed species were purchased at Floral Native Nursery in Chico on March 27th. Approximately 60 trees and shrubs are slated for planting.
- **Caltrans Swift Creek Bridge Replacement:**
The Project Coordinator and Program Manager made a site visit in preparation for the initial planting this Spring. Planting areas were measured using GIS data collection tools on-site, and then a planting design was developed including a planting map depicting the project layout. A species palette was created, submitted, and approved by partners. Initial planting will begin on April 16 and will be completed by the end of the month. Time was spent maintaining nursery plants for the upcoming planting.
A volunteer planting event at this site is scheduled for Friday, May 3rd. Rotary member Pat Frost and Project Coordinator Kaety Howard are working together to coordinate a memorial planting honoring their members on this project site at the intersection of State Highway 3

April 17, 2024

Projects Reports

and Swift Creek Rd. Rotary will be donating funds to cover costs associated with the planting, as well as coordinating involvement with Trinity Center elementary school students.

- **Caltrans Ditch Gulch Curve Improvement:** Maintenance of the remaining nursery plants to be planted at the project site occurred. Planting will be completed this spring.
- **Caltrans Big French Creek Onsite Mitigation:** The designated plants for this project were maintained at the native plant nursery and will be planted this spring. Planning for the field season continued.

- **Program Development:**
 - ◇ Two new Conservation Technicians were hired with a start date of April 8th. One other new conservation technician hired into the Forest Health Program will work with the Botany Program for two weeks before beginning work on the Forestry crew.
 - ◇ The Program Manager and Project Coordinator attended the Trinity County Resource Advisory Committee (RAC) meeting to present project proposals. Two proposals were presented:
 - (1) Trinity County Priority Noxious Weed Management - This project will support continued monitoring and treatment of species such as dyer's woad, diffuse knapweed, and Scotch broom in Northern Trinity County.
 - (2) TCRCD Native Plant Nursery - This funding will help support the growth and maintenance of our native plant nursery to support our revegetation projects as well as sales to local natural resource agencies and the public.
 - (3) Both projects were approved for the following funding amounts:
 - (a) Trinity County Priority Noxious Weed Management: \$17,500.
 - (b) TCRCD Native Plant Nursery: \$15,000.
 - ◇ The Program Manager and Project Coordinator attended a two-day NEPA training which provided beneficial knowledge as the District expands its capacity to lead third-party NEPA agreements.
 - ◇ The Program Manager, Annie Barbeau, has been working with Roads Program Manager, Cynthia Tarwater, for preparation of conducting rare plant surveys required prior to road decommissioning within the USFS Pettijohn project area. Surveys will begin in April.
 - ◇ The 2021 Ford F250 "8746" which was already taken to the Corning Ford Dealership in February to address the perceived shifting error, was driven with their transmission specialist technician and our project coordinator on March 27th. Due to the area not being mountainous in the Corning area, we were not able to reproduce the error at that time. The truck was left once again with Corning Ford with an agreement that the Ford technicians would drive the truck to Black Butte Lake to attempt to recreate the conditions that triggered the error. Follow-up is scheduled for April 4th.

5.6 Fuels and Forestry Projects – Bethany Llewellyn, Dave Johnson, Adriana Rodriguez, Shay Callahan

- **Forest Health (FH) Staff News:** Fuels crews are now fully staffed (16 people). One Forestry Crew (2 staff) has started and the other will begin April 22. We may increase Forestry Crew capacity over the summer by hiring 1-2 college interns.
- **Management: 4 Crew: 18 Grizzlycorps: 1**

- **Bureau of Land Management Lewiston Agreement/California Coastal Conservancy Lewiston Resilience Phase II:** We are waiting for the BLM to return to Lewiston to wrap up this project.
- **Bureau of Land Management Weaverville Community Forest Stewardship:** FH staff completed marking for the Oregon Mountain timber sale and began drafting harvest contracts. Staff met with a Log Buyer from Trinity Lumber on March 12th.
- **Cal Fire Trinity County Hazardous Fuels Reduction Phase II Grant:** Implementation has begun on burning ~145 acres of piles built last spring along the Browns Mountain ridgetop. In the final year of this project, implementation will take place in Coffee Creek, Trinity Center, and in other communities through the chipping program.
- **Training and continuing education:**
 - Bethany Llewellyn and Shay Callahan will attend the International Wildland Fire Association's Fire and Fuels conference the week of April 15th
 - Adriana Rodriguez and Shay Callahan attended a Forest Service Timber Prep training in Redding in March. This will be helpful for our stewardship work with the forest.
- **Cal Fire Forest Health:** Forest Health crews wrapped up cutting and piling treatments in the Weaver Basin and prescribed fire assistance in the Reading Indian Creek, Little Browns Creek, and Glennison Gap areas. One contract for work in the Weaver Basin has been awarded, and additional contracts are in development for work in the Weaver Basin and Reading Indian Creek areas. One of these is a formal bid that will come to the board next month. This is the final year of this project and we will be working hard to spend all remaining funds.
- **Westside Timber Sale Prep:** Forestry technicians will work on flagging contracts in the Weaver Basin and cruising the Trinity Camps project under this funding source this spring.
- **Willow Creek Storm Recovery (HC):** The remaining funds are under contract with the Watershed Research and Training Center.
- **Fee for Service:** The fuels crew has been working around the Trinity Knolls water tanks under a Fee for Service agreement with the Trinity Center VFD.
- **The McConnell Foundation (TMF):** We expect the go-ahead for implementation in late summer. In the meantime, we will begin flagging treatment boundaries and exclusions. We are working with The McConnell Foundation to prioritize treatment areas and prepare a contract.
- **Six Rivers National Forest Road Maintenance Program:** The letter to file for this work is nearly complete and will be signed by the ranger this month. Implementation funds are being cobbled together and work should begin this summer.
- **Middle Trinity Fuels Reduction Phase 1:** Outreach has begun for this portion of the project. CEQA is underway for burning in the Junction City park (which requires archeological surveys) and treatment of the State Lands Commission parcel east of Weaverville. Two days of archeological surveys were completed last month under contract with Mark Arnold, with support from Forest Health staff.
- **Ballpark Collaborative Prescribed Burning:** We are working with the Forest Service to develop interpretive signage for this burn site. We hope to have a spring burn window.
- **CARCD CAL FIRE Workforce Development Grant:** This funding supported staff time to complete Basic 32.
- **USFS Stewardship Agreement:** Joint Chiefs funding from this agreement is bolstering our Cal Fire funding in the Weaver Basin. This spring, it funded removal of hazard trees along Blue Rock Road. Small additional fuels projects are planned for the Weaver Basin.

- **Northern Trinity Forest Resilience Partnership Phase II:** We received notice that our Forest Health application to Cal Fire this round will be funded. The proposal was for approximately \$6 million and includes Forest Service, SPI, and private land in the upper Trinity watershed. It will be several months before this agreement is executed and we look forward to beginning work on this project.
- **Trinity County Resource Advisory Committee:** Our proposal for Community Chipping in partnership with the Watershed Research and Training Center was recommended for funding.

5.7 **Trinity County Fire Safe Council (TCFSC) – Skylar Fisher & Miles Raymond**

- **Trinity County Evacuation Plan:** Evacuation routes maps are being prepared for community member review at the May and June community meetings. We purchased 200 address signs and posts for distribution at the upcoming community meetings.
- **Trinity County Hazard Mitigation Plan:** We received two rounds of comment from CAL OES on the hazard mitigation plan. The second round of revisions are still being completed. We anticipate a May 1-July 1 public comment period.
- **Community Wildfire Protection Plan:** Public and partner outreach have begun for the community meetings. We are working on a StoryMap website to be an interactive hub for information regarding the CWPP and maps regarding wildfire risk in Trinity County. We've begun outreach to partners to have updated project mapping. A literature review has begun for the CWPP.
- **Trinity County Firewise Fair:** Planning continues for the Firewise Fair on May 11 at the Hayfork Park (10AM-3PM). There will be live music, goats, resource booths, CWPP map activities, free tacos, the fire mountain activity, and vendors.
- **Trinity County Firewise Education:** A month-long series of Firewise education lessons have begun at Hayfork Elementary and Van Duzen Elementary.
- **Neighborhood Ambassador Program:** There will be a Trinity Village invasive plant pull event on May 4. There will be a Coffee Creek fuels reduction event on May 16.
- **Trinity County Fire Safe Council Meeting:** The March Trinity County Fire Safe Council meeting had 30 attendees. The next meeting is April 25. Meetings are on the fourth Thursday of the month at the Trinity County Resource Conservation District conference room at 1 PM.
- **Social Media:** In the past 28 days, the Trinity County Fire Safe Council Facebook reached 8,842 accounts, got 683 engagements, and gained 5 new followers. The top post during this time was a BLM burn notification which reached 5,116 accounts.
- **Greater Willow Creek Wildfire Resilience Project:** Mailers were sent out to get landowner agreements to complete fuels reduction on undeveloped lots in Trinity Village and roadside shaded fuel breaks on SuzyQ Rd. Within a week, we have already received 6 signed agreements and multiple phone calls expressing interest from landowners to engage in the project.
- **Post-Fire Recovery:** As of the day of writing this update, mailers have been sent out to Trinity County private landowners who were impacted by the 2022 Lightning Complex to engage them in post-fire recovery planning and implementation work.

- **Trinity County Fair:** Miles is working with the USFS Wildfire Crisis Strategy (WCS) team to have a shared booth space at the Trinity County Fair this year. The current plan is to have a WCS table, TCRCD table, TCFSC table, and a CWPP map drawing activity table.
- **Collaboration:** The TCFSC will have a booth at the Plant and Seed Exchange on April 20, the Downriver VFD Open House on May 4, and the Willow Creek Firewise Fair on May 18. The TCFSC will have a monthly table at the Weaverville Farmers' Market when it starts up. Miles will be supporting the Lower Trinity River Prescribed Burn Association's Good Fire Symposium on April 21.
- **Wildland Fire Assessment Program:** The TCFSC will be hosting home assessment trainings on May 18 in Trinity Center to train Trinity Center and Coffee Creek VFD personnel and on May 25 in Hayfork to train Hayfork VFD and Douglas City VFD personnel. We are currently working with the Downriver VFD to schedule a future training at their VFD.

5.8. Young Family Ranch

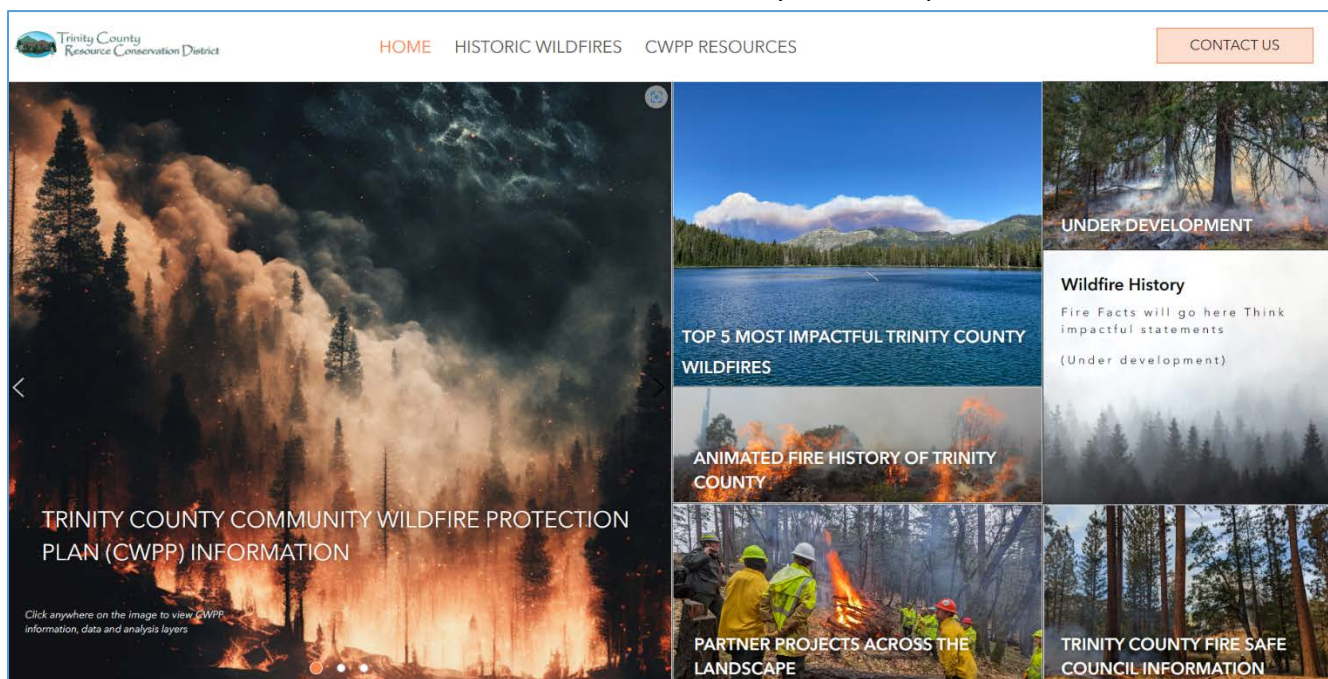

- **Stewardship and Maintenance:** Spring maintenance occurred in the garden areas of the ranch. Garden beds were weeded, tilled, and amended with aged manure donated from the Mule barn at the Shasta-Trinity Forest Service a year ago. All walkways and open spaces in the upper garden were mulched with cardboard and chips donated from Watkins Tree Service last year.
- **Weaverville Summer Day Camp:** Camp is in the planning phase.

15th Annual Plant and Seed Exchange: Scheduled for April 20th, from 10:00 AM to 2:00 PM, this event will host various informational booths, a local organic food vendor, live music, various presentations, and plant and seed exchanging.

5.9 Geographic Information Systems (GIS) Manager's Report- Denise Wesley

- **Trinity County Department Planning, Building Dept., and Department of Transportation (DOT):** Land records, and addressing data were updated and provided to all county partners. The Parcel Viewer was updated with the newest parcel service and address updates. Address & parcel attribute verifications and/ or updates were made for 33 parcels. A Snow Load Lookup tool was created for the Building Department to assist them with a common workflow for finding snow load information by parcel. They have reported that this tool is working well for their needs. GIS Pro licenses were updated for most users in the county this month, and a training plan was developed with Esri assistance.
- **Fee for Service:** Coordination of data and cartographic layout services were provided for the North Trinity Lake Wildfire Response Plan, and for Kenneth Baldwin in support of NRCs projects.
- **Fire Safe Council (FSC):** Evacuation route mapping continued this month, with much progress. The routes are currently being put into cartographic layout for markup & input at upcoming community meetings. USFS projects were entered into the partner projects database. I built a prototype **Evacuation Zone Lookup** tool based on feedback from Skylar. I also provided her with a cost analysis for work billed to the FSC since January 1st, with anticipated future costs for anticipated work on evacuation route mapping, evacuation zone maintenance and CWPP mapping. I also updated the Fire History map for the annual Trinity Wildfire Journal article. The Trinity County Wildfire History Story Map is being developed to tell the story of how wildfire has driven RCD fuel reduction efforts in the community. Here is a preview:

- **Hazard Mitigation:** I provided updated Earthquake, Landslide, Flood & Wildfire maps, metadata, and analysis in support of the Hazard Mitigation Plan.
- **Outreach & Education:** In March, I attended refresher training on Field Mapping in preparation for the Trinity River Pollinator Habitat Enhancement & Restoration Project. I also worked with Esri to develop a GIS training plan for RCD IS users.
- **Trinity County Office of Education (TCOE):** The TCOE Needs Assessment Data Dashboard is now live, and can be viewed [here](#). For this project, I worked closely with TCOE Early Childhood Education staff to develop an online web product for hosting assessment results.

- **Travis Ranch BDA (Beaver Dam Analog):** I provided GIS support (Analysis) to Annyssa for woody debris locations based on data from the Beaver Restoration & Assessment Tool (BRAT) model.
- **Project Development:** I attended a webinar Women as Agents of Change, hosted by the California Natural Resources Agency (CNRA). I provided mapping support to Kelly for a North Coast RCD Collaborative proposal. I also attended the quarterly North state GIS Council Meeting.

6.0 Education and Outreach – Duncan McIntosh

477 - Bureau of Reclamation TRRP Outreach & Education:

- ◇ **Science on Tap:** The March Science on Tap event was hosted by Trinity County Brewing Company and featured Seth Naman's presentation titled "The Importance of Natural Flows to the Trinity River Salmon and Steelhead Populations". Approximately 65 attendees enjoyed this engaging presentation. The next Science on Tap, scheduled for April 24th, will showcase Ken DeCamp presenting "Klamath Mountain Wildflowers".
- ◇ **Trinity River Open House:** The event at Junction City Elementary School (JCS) was

successful and informative. It provided specialists to address questions and concerns regarding various Trinity River Restoration Program projects and approaches. Additionally, the event featured watershed art created by JCS students. We also visited every class to provide watershed lessons.

- ◇ **Invasive Plant Pull Volunteer Event:** The volunteer event for pulling invasive plants on April 6 was a success. 21 volunteers worked together to eliminate two big batches of

Scotch Broom and Himalayan blackberries at the Junction City Campground River Access and Restoration.

◇ **Conservation Almanac:** The Fall/Winter Conservation Almanac is currently being distributed.

Meanwhile, the Spring Conservation Almanac, 'A Year in Review,' is in the process of being drafted.

◇ **Social Media Outreach:** Staff has continued regular posting on the Trinity River and TCRCD social media accounts, including educational and event postings.

◇

• **Follow Us:** The District is active on multiple online platforms for different groups.

Watershed Wednesday: Burnt Ranch Gorge

Burnt Ranch Gorge, located in Northern California's Klamath Mountains, is a geological wonder that cradles a biodiverse ecosystem along the Trinity River. This gorge stands as a testament to dynamic earth processes, displaying a variety of rock formations, including ancient metamorphic rocks and distinctive serpentine and ultramafic rocks, which lead to unique serpentine soils. These geological characteristics provide habitats for salmon and steelhead trout, which are vital for local wildlife, including river otters and bald eagles.

The serpentine soils are especially significant for supporting unique plant communities with rare endemic species. The California pitcher plant (*Darlingtonia californica*) thrives in these challenging conditions, and the serpentine sunflower (*Helianthus exilis*) is uniquely adapted to the mineral-rich soils. Amid its ecological and geological richness, Burnt Ranch Gorge is famous for its challenging Class IV and V rapids, attracting experienced kayakers to navigate its turbulent waters and offering a blend of adventure with natural beauty.

TRINITY COUNTY RCD CONSERVATION SCHOLARSHIP APPLICATION

Mission Statement: To assist people in protecting, managing, conserving, and restoring the natural resources of Trinity County through information, education, technical assistance, and project implementation programs.

Scholarship award is made possible by contributions from the TCRCD staff and board members, corporate patrons and the public through contributions to the Friends of TCRCD Scholarship Fund.

APPLICATION DEADLINE: First Friday in April of each year

ELIGIBILITY AND INSTRUCTIONS: High School seniors or continuing education students will be considered for TCRCD's \$500.00 Conservation Scholarship Award. Applicants must be a resident of Trinity County pursuing a degree in natural resources management or planning, resource conservation, or environmental sciences. Verification of enrollment as a half-time student, at a minimum, will be required prior to disbursement of scholarship funds. Other considerations will include participation in school activities, community service activities, and financial resources available. This scholarship is not available to TCRCD employees or board members or their relatives.

Late applications or incomplete applications will not be considered. A typewritten application is preferred; however, a hand-written application is acceptable by printing and using blue ink. If you have questions, contact a member of the Scholarship Committee at (530) 623-6004. Mail your application to the Trinity County RCD, P.O. Box 1450, Weaverville, CA 96093. Applications must be postmarked by the above deadline.

PART I: APPLICANT INFORMATION		
NAME LAST	Jacey FIRST	L M.I.
MAILING ADDRESS: PO Box 901		
STREET ADDRESS: 445 Highland Drive		
CITY: Hayfork	ZIP CODE: 96041	
CELL PHONE: (530)605-5283	HOME PHONE: N/A	
DATE OF BIRTH: 08/21/2024		

Trinity County Resource Conservation District

Post Office Box 1450 · 30 Horseshoe Lane · Weaverville, CA 96093-1450

PART II: EDUCATION AND OTHER EXPERIENCE

High school from which you are graduating:

Name: *Hayfork High*

Address: *231 Oak Ave, Hayfork, CA, 96041*

Phone number: *(530) 628-5261*

Name of Career Counselor: *Colleen Schraeder*

Date of Senior Awards Night (if known): *May 23*

Weighted GPA on a 4.0 scale, for grades 9 through first semester of grade 12: *4.0*

In addition to this form, please attach;

- High School Transcript
- Other schools you may have attended, where you have received training or education after high school. This may include vocational or academic training. Please include transcripts or certificates of completion. (If applicable)
- Certificates or awards related to natural resources, conservation or agriculture
- Colleges or Universities you have applied for in order of preference with the answers to the following questions (example: email documenting proof of application submission):

Have you been accepted at this time?

What will your major course of study be?

Proposed units per semester

Completed Units, if any

- On-campus or off-campus volunteer work related to natural resource conservation and/or agriculture, positions of leadership and participation, and work experience (4H, FFA, Ecology Club, Advanced Placement Courses etc.)
- On-campus or off-campus volunteer work *not* related to natural resources conservation and/or agriculture, positions of leadership and participation, and work experience (student organizations, scouts, sports, etc.)

Trinity County Resource Conservation District

Post Office Box 1450 · 30 Horseshoe Lane · Weaverville, CA 96093-1450

PART III: FINANCES

Please tell us how you are currently and/or planning to finance your education. Attach any supporting documents if possible.

Projected Annual Expenses (estimated)

Food and Housing \$ 17,000/year

Tuition (per semester): \$ 27,000/year

Textbook expenses (per semester): \$ 1,100

Transportation expenses: \$ 1,200

Other school related expenses (please specify): \$ 300 (printer & laundry fees)

Total Per Semester: \$ Around 29,000

PART IV: PERSONAL STATEMENT

Attach a one-page essay (300 to 500 words) describing your background, understanding and attitudes toward natural resource conservation and/or agriculture, objectives of your educational program, and career plans. Also, how will you use your experience to benefit your community? (*Note: Essay is assessed primarily on content; however, writing proficiency is also considered.)

PART V: REFERENCES

Please attach two letters from TWO persons who are not related to you. Ideally you will select people who have known you for a number of years and have been aware of the challenges you have met as well as those you currently face in reaching your educational goals. Letters of reference **must be included** with your application

If I am selected to receive the RCD Scholarship, I give the RCD permission to use my name, school affiliation, and/or photo in public news releases. I understand I must provide proof of enrollment prior to release of funds.

Signature of applicant

To: jacey.pickett22@gmail.com

Hello Jacey,

Thank you for applying to Cal Poly Humboldt's Fall 2024 term!

Please continue to check your email regularly for important information from Humboldt. Your log-in information will arrive via email soon. Once you receive your log-in information, please monitor your application status page to ensure you are on track.

In the meantime, why not see exactly what Cal Poly Humboldt has in store for you by watching the video below?

Jacey <jacey.pickett22@gmail.com>

Jacey, yay! We received your application 🎉!

CAL POLY

Thank you for applying to Cal Poly, Jacey 🎉! We wanted to share a couple quick, important notes while your application processes:

- Be sure to add admissions@info.calpoly.edu to your contact list so we stay out of your spam, and you receive our

On-campus or off-campus volunteer work related to natural resource conservation and/or agriculture, positions of leadership and participation, and work experience:

- The Watershed Research and Training Center - Volunteer Fish Counting Dive (June 2022). I participated in a 9-hour volunteer day where we floated down the local river in search of any salmon, trout, or steelhead, and counted what we saw.
- The Watershed Research and Training Center - Volunteer Tule Creek Falls Clean-Up (July 2023). I worked alongside the Bigfoot Trail Alliance, local community members, and students from The College of The Redwoods to clear a trail for recreational purposes. I used pulaskis, mcleods, saws, and more. In the end, we heard speeches about different opportunities within the natural resource field.
- The Watershed Research and Training Center - paid Forestry Internship (August 2023). I worked on the Hayfork and Six Rivers Forestry Crews. I used tools such as: clinometers, relascopes, and more. I worked on the Bucktail Project, Bowerman Timber Sale, and Wells Mountain Fuelbreak Project.
- FFA Chapter President (2023-2024)
- FFA Chapter Secretary (2020-2023)
- Competitive Forestry Team member
- Established a composting program for Hayfork High cafeteria staff and students. All compost is transferred to a pile at the school farm, and used as fertilizer for the school farm crops. (2024)
- Volunteered at the school's FFA animal pens, cleaning and clearing brush. (2020-2024).
- Volunteered at the school's FFA animal pens, delivering medications to sick swine (2020-2024).
- Volunteered at the school farm, using heavy machinery to turn the compost pile. (2023-2024)
- Hayfork FFA Pumpkin Patch. (2021-2023). Planned and participated in the FFA pumpkin patch that we put on for kindergarten through third-grade students in October. We offer many minute-to-win-it games, free pumpkins, cookies, and apple cider.

On-campus or off-campus volunteer work not related to natural resources conservation and/ or agriculture, positions of leadership and participation, and work experience (student organizations, scouts, sports, etc.)

- Hayfork Rotary Club - Calcutta Event. I helped serve food and be a bill-runner for the Rotary Club. (2023).
- Hayfork Elementary School - STEM Night. I set up a booth for students to make rings and toys out of resin. (2023).
- Art for Art's Sake - Art Show Event. I served appetizers to guests and set up a wrapping paper station for the people who bought gifts. (2023).
- Hayfork Elementary School - Book Fair. I helped set up and take down the book fair, as well as run the cash register. (2023).
- Hayfork Volunteer Fire Department - Truck Wash. I helped clean the fire trucks, as well as many of the other emergency vehicles. (2023).
- Hayfork High School - Scholastic Awards Night. I helped print and fold the pamphlets for the event. (2022-2023).
- Hayfork High School - I helped make decorations for the Art for Art's Sake annual event. (2022).
- Hayfork Elementary School - Track Meet. I helped set up and take down the annual track meet, as well as help run the high-jump station and be a timer. (2022-2023).
- Hayfork High Varsity Volleyball (2021-2023).
- Hayfork High Varsity Softball (2021-2022).
- Hayfork High Varsity Basketball (2022).
- Class of 2024 President (2020-2023).
- Associated Student Body Vice-President (2023-2024).
- Associated Student Body Representative (2020-2023).
- Board Meeting Student Representative (2023-2024).
- AP English Literature and Composition (2023-2024).
- AP English Language and Composition (2022-2023).
- AP Pre-Calculus (2023-2024).

PERSONAL STATEMENT

It all started during the Redwood Summer of the 1990s. My family, full of loggers, was starting to be affected by new regulations. The endangered Northern Spotted Owl was becoming a more pressing issue as well. They eventually lost their jobs, and our town of Hayfork lost its industry.

Growing up, I admired my family's passion for change. I have watched my grandparents explain the importance of the logging industry to others who cannot understand. I believe that after years of watching our communities suffer from fire damage, that there's an obvious need for change. We need less regulations and more management. Through The Watershed Center, I earned an internship on the Forestry Crew. I experienced what my family had seen throughout their lives. The good and the bad. On the other hand, I job-shadowed a woman who works with the political side of natural resources, and plans for water policy. Through these events, I made connections with others who had different strategies on how to benefit our environment. Hearing the different points of view and learning how the trees are only one factor has inspired me to pursue a career in natural resources.

My major is Environmental Science and Sustainability with a concentration in Policy and Planning. I will be attending the University of Montana as a full-time student in the fall of 2024. I started small, creating a composting program at my school, so that less goes to waste, and more can thrive. This was just a taste of change. I am someone who doesn't choose sides without hearing both first. I focus on facts rather than opinions. I believe that seeing all sides of a problem is the only way to find a proper solution. When it comes to environmental issues, there are so many factors that come into play. By being out in the field, I saw how dry the soil is, as well as the shrubbery, and how many snags need to come down. Hearing how hard the farmers fight for the right to drown their rice fields, rather than burn them, has allowed me to look at the political impacts of environmental issues.

Upon graduating, I would thoroughly enjoy being a grant writer for non-profit organizations, or being an environmental planner. It's important to me that all sides are accounted for, but that the best decision is made. That being said, I thoroughly enjoy managing my work from home rather than from an

office, and I love to be outdoors. My ideal career would allow me to balance my outside interests with my indoor work interests.

I believe that by pursuing an education in natural resources, not only will my community flourish, but the world will. Growing up in a small town, I learned that it can be difficult to get the attention of higher-ups with such a small population. I would become a voice for small communities. Someone who listens and advocates for change. Just as my family always taught me.

Noah Corp
FFA Forestry Coach
Hayfork High School
3/27/2024

To Whom It May Concern,

It is my pleasure to recommend Jacey Pickett for any pursuit she may undertake. As Jacey's FFA Forestry Coach at Hayfork High School, I have had the privilege of witnessing her remarkable dedication, focus, and drive firsthand.

Over the course of the 23-24 school year, Jacey has been an invaluable member of our FFA Forestry team, showcasing her talents and leadership skills. Her commitment to excellence is evident in her numerous accomplishments, both within and beyond the realm of FFA.

Jacey's list of accolades speaks volumes about her capabilities and character. Not only has she earned the prestigious State FFA Degree, but she has also excelled in various competitions, including achieving 4th place in the Regional FFA Creed Speaking Competition and securing 3rd place individually in the College of the Redwoods Forestry Competition. Her achievements extend beyond the FFA arena, as demonstrated by her roles as Prom Queen, Homecoming Queen, and her inclusion in the Evergreen All League for volleyball.

Moreover, Jacey has been actively involved in numerous school activities, assuming leadership positions such as Class President and serving as an officer in the Hayfork FFA Chapter. Her commitment to her community is equally impressive, as evidenced by her participation in various volunteer activities, including watershed research, community clean-up events, and serving as a Hayfork Volunteer Fire Department vehicle washer.

Jacey's work ethic and determination are unparalleled. She has successfully juggled a demanding schedule of school, extracurricular activities, and employment while maintaining exceptional academic performance. Her enrollment in AP and dual-credit courses, coupled with her employment experiences ranging from customer service to forestry crew work, further exemplify her diverse skill set and ambition.

In summary, Jacey Pickett is a highly organized, responsible, hardworking, and driven individual who possesses all the qualities necessary for success. I am confident that she will excel in any endeavor she pursues and will be a valuable asset to any team or organization. Without hesitation, I highly recommend her for any opportunities that come her way.

Please feel free to contact me if you require any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Noah Corp", written over a white background.

April 4, 2024

To Whom It May Concern,

I am writing to recommend Jacey Pickett as a recipient for scholarships to pursue her education in natural resources. I had the pleasure of working with Jacey this summer when she worked for me as a forestry intern for two weeks. Although she only worked with me for a short time, I was continuously impressed by Jacey's intelligence, work ethic, and drive.

Jacey is very personable and instantly got along with the different crews that she worked with. She picks up new concepts very quickly, for example, by the end of her two weeks working with me I was trusting her to collect data for the common stand exams we were working on (tree heights, diameters, canopy cover, etc.). She showed great interest in learning as much as she could and valued providing quality work.

Jacey is very organized, punctual, and has goals that she is working hard to achieve. I have no doubt that Jacey will accomplish great things in both her college and professional careers. She has an excellent work ethic and is happy to take on new tasks and challenges as they arise. During her time working with me, she was also working a second job, playing sports, and preparing for her final year in high school.

I feel certain that you will be just as impressed with Jacey as I am. As a professional in the forestry field, I strongly encourage you to consider her for this scholarship. Please contact me with any questions and let me know if I can provide any additional information in support of this deserving student. You may reach me at (707)721-2182 or hmurphy@thewatershedcenter.com.

Thank you,

A handwritten signature in black ink that reads "Heather Murphy". The signature is written in a cursive, flowing style.

TRINITY COUNTY RCD CONSERVATION SCHOLARSHIP APPLICATION

Mission Statement: To assist people in protecting, managing, conserving, and restoring the natural resources of Trinity County through information, education, technical assistance, and project implementation programs.

Scholarship award is made possible by contributions from the TCRCD staff and board members, corporate patrons and the public through contributions to the Friends of TCRCD Scholarship Fund.

APPLICATION DEADLINE: First Friday in April of each year

ELIGIBILITY AND INSTRUCTIONS: High School seniors or continuing education students will be considered for TCRCD's \$500.00 Conservation Scholarship Award. Applicants must be a resident of Trinity County pursuing a degree in natural resources management or planning, resource conservation, or environmental sciences. Verification of enrollment as a half-time student, at a minimum, will be required prior to disbursement of scholarship funds. Other considerations will include participation in school activities, community service activities, and financial resources available. This scholarship is not available to TCRCD employees or board members or their relatives.

Late applications or incomplete applications will not be considered. A typewritten application is preferred; however, a hand-written application is acceptable by printing and using blue ink. If you have questions, contact a member of the Scholarship Committee at (530) 623-6004. Mail your application to the Trinity County RCD, P.O. Box 1450, Weaverville, CA 96093. Applications must be postmarked by the above deadline.

PART II: EDUCATION AND OTHER EXPERIENCE

High school from which you are graduating:

Name: Trinity High School

Address: 321 Victory Ln

Phone number: 530-623-6127

Name of Career Counselor: Stephanie Smith

Date of Senior Awards Night (if known):

Weighted GPA on a 4.0 scale, for grades 9 through first semester of grade 12: 4.11

In addition to this form, please attach;

High School Transcript

Other schools you may have attended, where you have received training or education after high school. This may include vocational or academic training. Please include transcripts or certificates of completion. (If applicable)

Certificates or awards related to natural resources, conservation or agriculture

Colleges or Universities you have applied for in order of preference with the answers to the following questions (example: email documenting proof of application submission):

Have you been accepted at this time? Yes

What will your major course of study be? Env Eng

Proposed units per semester 17

Completed Units, if any 89.5

On-campus or off-campus volunteer work related to natural resource conservation and/or agriculture, positions of leadership and participation, and work experience (4H, FFA, Ecology Club, Advanced Placement Courses etc.)

On-campus or off-campus volunteer work *not* related to natural resources conservation and/or agriculture, positions of leadership and participation, and work experience (student organizations, scouts, sports, etc.)

Trinity County Resource Conservation District

Post Office Box 1450 · 30 Horseshoe Lane · Weaverville, CA 96093-1450

PART III: FINANCES

Please tell us how you are currently and/or planning to finance your education. Attach any supporting documents if possible.

Projected Annual Expenses (estimated)

Food and Housing \$2000
Tuition (per semester): \$4000
Textbook expenses (per semester): \$500
Transportation expenses: \$750
Other school related expenses (please specify): \$600
Total Per Semester: \$7850

PART IV: PERSONAL STATEMENT

Attach a one-page essay (300 to 500 words) describing your background, understanding and attitudes toward natural resource conservation and/or agriculture, objectives of your educational program, and career plans. Also, how will you use your experience to benefit your community? (*Note: Essay is assessed primarily on content; however, writing proficiency is also considered.)

PART V: REFERENCES

Please attach two letters from TWO persons who are not related to you. Ideally you will select people who have known you for a number of years and have been aware of the challenges you have met as well as those you currently face in reaching your educational goals. Letters of reference **must be included** with your application

If I am selected to receive the RCD Scholarship, I give the RCD permission to use my name, school affiliation, and/or photo in public news releases. I understand I must provide proof of enrollment prior to release of funds.

Signature of applicant *John Mendling* Date 04/05/24

PERSONAL STATEMENT-Tesla Ehlerding

My name is Tesla Ehlerding I am a third-year Environmental Engineering major. As early as 8th grade, I knew I wanted to be an Engineer. Many members of my family graduated with Civil Engineering degrees but as I continued into high school, I found that I wanted to enter college with a pursuit in environmental. I grew up in the Alps, I spent my childhood outside and at nearby rivers and lakes. Therefore, I loved to be outside and very much disliked when people took our natural land and resources for granted. Partly due to my childhood, I want to contribute to the environment in a positive and healthy way. For hundreds of years, society had not thought about the long-term effects of negative effects on our only home. Countless years of pollution, air pollution, water pollution, land pollution, and more. Environmentalists are now inventing new and never-before-thought-of processes to clean and rehabilitate our homes. I want to be a part of that solution, renewable energy and wastewater/stormwater treatment are great ways to help clean up the messes that previous generations had made and help prevent the current problems today's generation is creating since this seems to be a never-ending cycle.

During my year at San Diego State University (SDSU), my dedication to serving on the executive board of Engineers Without Borders (EWB) has deepened my commitment to making a tangible difference through engineering initiatives. Transitioning to the role of Training President for the 2024-2025 academic term has further honed my leadership skills and solidified my passion for driving positive change in underserved communities. Through forging connections with professors within and beyond the campus and classroom, I've enriched my academic journey and cultivated a network that fuels my ambition to excel as an environmental engineer post-graduation. My involvement with EWB has not only provided me with practical engineering experience but has also instilled in me a sense of responsibility to address pressing environmental and social challenges. By actively engaging with professionals on and off campus, I have gained valuable insights into real-world issues, reinforcing my dedication to contributing meaningfully to the field. These experiences have solidified my resolve to pursue a career path that allows me to leverage my skills and knowledge for the betterment of society and the environment.

Receiving the Trinity County River Conservation Scholarship would not only alleviate some of the financial burdens I face as a first-generation low-income full-time student but would also allow me to fully focus on my studies and engage more deeply in extracurricular activities and research opportunities. Especially considering I am currently beginning to pursue a research opportunity with a Civil Engineering Professor at SDSU. As a passionate advocate for environmental engineering, I am committed to maximizing my academic experience and contributing meaningfully to my field. This scholarship would not only support my educational journey but also empower me to make a lasting impact in my community and beyond. The financial support can help me pursue more internships and research opportunities related to environmental engineering, further enhancing my practical skills and knowledge. Additionally, it would provide me with the resources to participate in conferences and workshops, allowing me to stay current with the latest advancements in the field. Ultimately, receiving this scholarship would be a significant step toward achieving my goal of becoming a successful environmental engineer.

TRANSCRIPT LEGEND

This educational record is subject to the Family Educational Rights and Privacy Act of 1974, as amended. It is furnished for official use only and may not be released to or accessed by outside agencies or third parties without the written consent of the student concerned.

ACCREDITATION

San Diego State University is accredited by the Western Association of Schools and Colleges and is approved by the Veterans Administration (see University Catalog for membership).

ACADEMIC CALENDAR AND UNIT OF CREDIT

The University operates on a semester system with two regular semesters of approximately 15 weeks in duration. The summer term is approximately 12 weeks. Credits are listed as semester units. One unit or credit hour represents 50 minutes of recitation or lecture, together with the required preparation, or three hours of laboratory work or two hours of activities, each week for a semester.

GRADING SYSTEM

Effective September, 1956 the grade point system was changed from 3.0 to 4.0. The following grades and grade points are used in reporting the standing of students at the end of each semester.

- A = Outstanding - 4.0 grade points
- B = Praiseworthy - 3.0 grade points
- C = Average - 2.0 grade points
- D = Minimally Passing - 1.0 grade point
- F = Failure - 0.0 grade points (prior to September 1948, minus 1.0 grade point)
- + or - = The Plus (+) notation adds 0.3 grade points per unit; the minus (-) notation subtracts 0.3 grade points per unit.
- I = Authorized Incomplete (September 1953 to 1956, not counted in student's grade point average; 1956 to 1974, counted in student's grade point average; since 1974, counted in grade point average after one year).
- IC = Incomplete Charged (counted in grade point average).
- CR = Credit (units earned only; does not affect grade point average).
- NC = No credit (does not affect grade point average).
- W = Withdrawal (not counted in grade point average).
- AU = Audit (not counted in grade point average).
- RP = Report in Progress (not counted in grade point average). Grade introduced Fall 2002
- SP = Satisfactory Progress (not counted in grade point average). Grade used through Summer 2002
- WU = Withdrawal Unauthorized (counted as failure). Grade introduced Fall 2002
- U = Unauthorized Withdrawal (counted as failure). Grade used through Summer 2002
- RD = Report Delayed (grade not yet submitted by instructor). Any explanation of San Diego State University grading system from 1897 to 1948 will be given upon request.

COURSE NUMBERS (Prior to Fall 1975)

- Lower Division
 - 0 - 99 = Freshman or Sophomore
- Upper Division
 - 100 - 199 = Junior or Senior
- Graduate
 - 200 - 275 = Graduate

COURSE NUMBERS (Effective Fall 1975)

- Lower Division
 - 100 - 299 = Freshman or Sophomore
- Upper Division
 - 300 - 499 = Junior or Senior
 - 500 - 599 = Acceptable for Advanced degrees
- Graduate
 - 600 - 799 = Graduate
 - 800 - 899 = Doctoral
 - 900 = Graduate Professional Curricula

REFERENCE VALUES (REF)

- 0 = Repeat of High School Language
- 1 = Course Repeated
- 2 = Late Change of Program Adjustment
- 3 = Incomplete Charged
- 4 = Incomplete Removed
- 5 = Grade Changed
- 6 = Exceeded Maximum Credit Allowed
- 7 = SP/RP Removed
- 8 = Credit Reinstated
- 9 = RD Changed
- A = Postgraduate Credit Toward Masters
- B = Postgraduate Credit Toward Credential
- BM = Credit Applies to Bachelors and Masters Concurrent Degrees
- C = Postgraduate Credit Subsequent Degree
- F = No Credit Allowed
- G = Undergraduate Credit Only
- H = Lower Division Credit Only
- I = Included in GPA Calculation
- J = Partial Repeat
- K = Administrative
- L = Course Forgiveness Form Filed/Incomplete Removed
- M = Course Forgiveness Form Filed/Miscellaneous Changed
- N = Course Forgiveness Form Filed
- O = Repeat of Transfer Course
- P = Credit by Examination
- R = Course Repeated/Included in GPA Calculation
- S = Course Repeated Grade Adjustment
- T = Grading Adjustment
- U = Time Limit for Advanced Degree Credit Extended by Examination
- V = Not a Part of Advanced Degree Program
- W = RP Charged
- Z = Crossover Class
- @ = Units Not Applicable to Degree

PROBATION AND DISQUALIFICATION

Effective September 1972, any student whose scholarship is below the minimum grade point average requirements for all college/university work undertaken or for all work taken at this university is placed on probation. Any student already on probation whose scholarship falls below the required average is subject to disqualification. Students with classified graduate standing in the Graduate Division whose scholastic records are unsatisfactory are required to withdraw from the Graduate program and revert to unclassified postbaccalaureate standing. Refer to current catalog for additional details regarding probation.

SPECIAL SESSIONS

Special sessions course work, offered through the College of Extended Studies, is accepted as residence credit. These courses will print under the Special Sessions heading on the transcript. The corresponding unit and grade point values will be included in the main campus grade point average.

EXTENSION / OPEN UNIVERSITY

Extension courses, including Open University courses, are offered through the College of Extended Studies. Open University courses are offered in the regular university curriculum and qualified extension students may enroll by special permission of the department chair and instructor. Open University courses taken Spring 1998 or after are offered for residence credit. Open University courses taken prior to Spring 1998 and all Extension courses are not offered for residence credit, but are considered the same as transfer credit. Note: Some professional advancement courses numbered X-01 through X-79 and X-397 continue to be offered through Extension. These courses are not acceptable toward a degree.

RE: Tesla Ehlerding

To Whom It May Concern:

I am writing this letter of recommendation with full support and as many good references as I could possibly put into one letter for Tesla Ehlerding. I have had the pleasure of knowing Tesla for over ten years. Having met her as a dedicated swim team member, over the years she transitioned into a valued friend and employee. Tesla started her career at Lowden Park Pool as a volunteer in our Jr. Lifeguard program and spent two years completing the program. Her time as a volunteer brought great energy and ideas to all areas of running a community pool. She then became a lifeguard and ended last season as our Lifeguard Manager. She is a solid working professional that brought education, energy, and knowledge to all of our programs. Tesla's leadership skills helped mentor our new guards, as well as inspired her fellow team members to be great community members, work hard and have fun at work!

Tesla has been interested in environmental engineering since the day I met her. She has a wonderful curiosity about how infrastructure can be more balanced with the surrounding environmental area. I had the opportunity to be in Hawaii with Tesla in 2021. She spent a great deal of time researching and even visiting environmental projects on the Big Island. Tesla is committed to her chosen career path. She is also someone that doesn't waste any opportunity provided to learn. Giving Tesla Ehlerding a scholarship award would generate a positive outcome for all involved.

Please feel free to call or email if you have any questions.

Sincerely,

Veronica Kelley-Albiez

RE: Tesla Ehlerding Recommendation Letter

March 25, 2024

To Whom It May Concern:

It is with great joy and pleasure that I recommend Tesla Ehlerding for a scholarship as she is an amazing student leader that I have come to know in the last couple of years during her time in high school. Tesla and I first began working together when she enrolled in my AP English Language and Composition class her Junior year of high school, as well as my ASB Leadership Class. Tesla has remained a vital member of our ASB Class serving as our Vice President and helping to run our school events and programs.

Tesla has been an amazing asset to our student leadership team because of her commitment, her tenacity, and her willingness to work until the job is done. Tesla was willing to learn and be involved from the start, and did not shy away from the level of commitment and responsibility this position required. Within ASB and outside of her designated role, Tesla has helped to instill an attitude of pride and spirit amongst her study body through her leadership role. She has remained active in student life throughout her high school career including participating in sports throughout every season, participation in higher-level AP courses and online college courses, and involvement in other co-curricular groups including FBLA. Tesla is a team player and will work with efficiency to get the job done. Not only is she capable of accomplishing so much on her own, but is also adept at taking direction or delegating to her peers when necessary.

In class, Tesla is a student who is willing to put in the energy to excel within a subject area. She works efficiently, uses her time wisely, and submits work that often meets or exceeds the expectations. She was willing to listen to feedback and utilize it to help her improve her work, and also an active participant in class discussions. Tesla is willing to share her thoughts and participate in class discussions in an effective and engaging manner. She knows how to work within group settings to accomplish tasks, and will go the extra mile to ensure the work gets done.

My work with Tesla has been nothing less than a complete joy and I am proud of the student and leader she has developed into over the last few years. She knows what she wants and will do whatever it takes to accomplish those goals, and this is one of the many reasons I have no doubt in my mind that Tesla will find success in her future. Should you have any questions, please feel free to reach out with any additional questions. I wish Tesla the very best in her future endeavors and cannot wait to see what she goes on to accomplish.

Thank you,

Stephanie Smith
